WAR IS PROBABLE.

A Dispatch From Bogota Says the Colombian Government is Helpless to Prevent It.

WILL SEND AN ARMY TO PANAMA.

For the Second Time Gen. Rafael Reyes Has Deferred His Departure From New York.

In An Interview Sunday the General Said: "If Colombia Is Thinking of Going to War, I Know Nothing About It."

New York, Feb. 1.—This cable dispatch was received here from an official source in Bogota:

Government is helpless in effort to prevent war. In less than a month from now 10,000 men will be on the isthmus. This information, confirming rumors cabled from Panama yesterday that Colombia intends organizing and sending an expedition against Panama, comes as a surprise, in view of the changed attitude of the Colombians, who had apparently accepted the inevitable and depended on Gen. Rafael Reyes, their special envoy to Washington, to save what he could from the wreck. Gen. Reyes was to have sailed Saturday for Barranquilla on the steamer Valencia, but for the second time he deferred his departure. Gen. Pedro Nellisphina and De Lucas Caballero, colleagues of Gen. Reyes on the Colombian commission, sailed on the Valencia.

The story continues on seemingly good authority, it is stated, that Gen. Reyes remains here because his negotiations with the state department at Washington have been completely broken off and that he has a tentative promise from this government that Colombia will be taken care of with a pecuniary balm for her injured feelings.

Gen. Rafael Reyes, special envoy from Colombia, said Sunday regarding the report that his country was about to send an army to Panama:

"If Colombia is thinking of going to war I know nothing about it and have nothing to do with it."

Gen. Reyes expects to leave for home in a few days. He said that so far as he was concerned his negotiations with the state department at Washington ended with his note of January 13, delivered to Secretary Hay. "Negotiations terminated then," he added, "unless the state department reopens them. I have nothing further to add to that note."

MISS BRYAN DEAD.

The Remains of the Sister of W. J. Bryan to Be Interred at Salem, Ill.

Lincoln, Neb., Feb. 1.—Short funeral services for Miss Nannie L. Bryan, who died Saturday, were held at the home of her sister Monday morning at 10 o'clock. Early in the afternoon members of the Bryan family in Lincoln, including Mr. and Mrs. W. J. Bryan, who arrived here Sunday morning, and other relatives, will accompany the remains to the old home of the deceased at Salem, Ill., where second services and interment will take place. W. J. Bryan expects to continue his journey eastward from Salem to complete engagements interrupted by his summons home.

WITH NON-UNION MEN.

Effort to Be Made to Start a Steel Mill in the Pittsburg District.

Pittsburg, Pa., Feb. 1.—Fires in the Spang Chalfant Co.'s mills in Etna, where a strike has been on for several weeks, were lighted Sunday night and an effort will be made to start the plant in full Monday morning under a guard of coal and iron police. The strikers now number 200 and they claim an effort is being made to introduce Negro labor into the plant.

Alleged Breach of Promise.

New York, Feb. 1.—Peter Duryea, a prominent breeder of trotting horses and partner of W. E. D. Stokes in the Patchen Wilkes farm at Lexington, Ky., has been made defendant in a suit brought by Sarah Madden, an actress, to recover \$50,000 for alleged breach of promise of marriage.

Station Agent Fatally Wounded.

Joplin, Mo., Feb. 1.—In an exchange of shots with two masked men who had rifled the depot safe, Wm. H. Broadstreet, station agent on the Frisco system at Granby, near here, was fatally wounded. The robbers secured \$100 and some railroad tickets.

Gibraltar, Feb. 1.—The United States torpedo boat flotilla, escorted by the auxiliary cruiser Buffalo, left here Sunday for Algiers, on its way to Manila, and will probably reach Algiers Monday afternoon.

INDIVIDUAL GLASSES.

They Will Hereafter Be Used in Communion Services By Presbyterians.

Lexington, Ky., Feb. 1.—Communicants of the local Presbyterian church will no longer be required to partake of the communion wine by slipping out of the same vessel, but hereafter the innovation of individual glasses will be introduced.

Sunday morning Rev. R. O. Kirkwood, pastor of the church, announced that, beginning with next Sunday, communicants at his church will use individual glasses in order to remove an objection which had reached his ears against all communicants drinking out of the same vessel. The individual glasses were presented to the church by the Young Men's club and the demands made by the advocates of hygienic principles are responsible for the change.

Old members do not take kindly to the new system, as they say it will impair the efficacy of the communion.

THE EFFORT ABANDONED.

Burley Tobacco Interests of Kentucky Will Not Be Pooled.

Lexington, Ky., Feb. 1.—The Burley Tobacco Growers' association, through the action of its board of directors, has abandoned the effort to handle the present crop of tobacco, and will release its members from the terms of the existing contract with the association by which they were to hold their product until such time as the association could dispose of it. President W. B. Hawkins stated that the association would be kept intact and that it would be thoroughly financed next season, when it will control, as it expects, the burley crop. This action brings to an end for this season the controversy in regard to the burley crop, and it will find its way to the market through other channels.

To Condemn Land For Telephone Line

Paducah, Ky., Feb. 1.—Suit was filed in the county court by the Cumberland Telephone and Telegraph Co. against the Nashville, Chattanooga & St. Louis and Nashville & Louisville railroads to condemn land along the former road through Marshall, Graves and Caloway counties for a telephone line. This is the first case of the kind on record in the state.

The Asylum Inspected.

Lexington, Ky., Feb. 1.—The joint legislative committee of insane asylums visited the Eastern Kentucky asylum in this city. A thorough inspection of the institution was made and the committee reports everything in the best possible condition, except that it is overcrowded. Recommendations will be made for an additional building.

Will Fight the Bill.

Lexington, Ky., Feb. 1.—Representatives of Berea college, consisting of both faculty and students, passed through here en route to Frankfort to appear before the house educational committee, No. 1, in opposition to the bill making it unlawful for whites and Negroes to be educated together.

Fire at Louisa.

Louisville, Ky., Feb. 1.—The passenger station of the C. & O. railroad here and its contents were Sunday morning destroyed by fire. A two-story adjoining building, belonging to ex-Senator F. T. D. Wallace, was also entirely consumed, but its contents were saved. There was no insurance.

Opposition to Redistricting.

Lexington, Ky., Feb. 1.—Considerable opposition has developed in Jackson toward the proposed redistricting of the judicial district, for the purpose of creating another circuit judgeship, which was launched by former Circuit Judge B. D. Redwine and County Judge James Hargis.

Rev. Henry Knott's Call.

Lexington, Ky., Feb. 1.—Rev. Henry Knott, rector of St. Peter's Episcopal church at Paris, Ky., has accepted a call to the deanship of St. Bartholomew's cathedral at Chicago. The offer was made by Bishop Anderson, of the diocese of Chicago.

Fifteen Years in the Penitentiary.

Ashland, Ky., Feb. 1.—William Gill, alias Smith, charged with shooting Mordecai Williams on the night of September 8, 1903, pleaded guilty and was sentenced to 15 years in the Kentucky penitentiary. Gill is an ex-convict from Mt. Sterling.

Blues Arrives At Lexington.

Lexington, Ky., Feb. 1.—Blues, recently purchased by J. V. Shipp, of Midway, Ky., from Dr. Bell, of New York, arrived here Sunday night. Blues is now 6 years old and is to be retired to the stud at Shipp's Sunny Slope farm.

Barbourville, Ky., Feb. 1.—During the month the Kentucky-Tennessee oil field has turned out more oil than in any month in its history. The total output exceeded 60,000 barrels.

SKINNER'S PARTY.

Details of the United States Mission to King Menelik, of Abyssinia, Obtained.

ALL REPORTED IN GOOD HEALTH.

Consult Skinner and the Others Speak Enthusiastically of the Reception Accorded Them.

Americans Will Find a Large Field For Activity in the Gold, Coal, Petroleum and Asphalt Possibilities of Abyssinia.

Marselles, Feb. 1.—The following details of the governmental mission to King Menelik, of Abyssinia, which was led by United States Consul Robert P. Skinner, have been obtained. Mr. Skinner's party arrived here Saturday on board the steamer Victoria.

The American marines and blue jackets who accompanied the expedition were left at Aden and went on to join the American gunboat Machias. Consul Skinner and the other members of the party are in good health, and they speak enthusiastically of the reception accorded them by King Menelik. On the way to the coast the party saw one elephant and heard a number of lions, but experienced no exciting adventures. In the course of an interview Mr. Skinner said:

"President Roosevelt selected a most opportune time for establishing relations with Ethiopia, as Americans heretofore have been too indifferent to the remarkable development which is now going on in Abyssinia. Our cotton goods pass through many hands before being sold at high prices in Abyssinia, but now Americans have an opportunity to conduct their own trade. King Menelik will send some of the products of his country to the St. Louis exposition, as well as a commission composed of able men, to show the Americans commercial opportunities in Abyssinia. The king is a broad-minded statesman who will welcome Americans."

During the visit of the Skinner party at the capital, King Menelik received them surrounded by an imposing assemblage of 2,000 functionaries. The escort of American marines established a camp called "Camp Roosevelt," which attracted a great deal of interest.

The king made a personal inspection of the camp, which lasted for three hours, and after having witnessed the maneuvers of the marines, he asked one of the men for his gun and loaded and fired it. This act on the part of the king pleased the visitors greatly. The Americans were impressed with the assimilative ability of the Abyssinians. Consul Skinner saying that the country is being rapidly modernized, and that new roads, bridges, water supplies, telephones and telegraph lines are being constructed. He considers the Abyssinians to be the "Japanese" of Africa. He points out, however, that the postal and banking systems are defective and unsatisfactory. The money is on a silver basis. Consul Skinner believes that Americans will find a large field for activity in the gold, coal, petroleum and asphalt possibilities of Abyssinia.

An official report of the result of the mission has been forwarded to Washington.

PERISHED FROM THIRST.

Bodies of Between 20 and 30 Men Found in the Desert.

Salt Lake, Utah, Feb. 1.—The bodies of between 20 and 30 men, who perished from thirst while attempting to cross the desert between Moapa and Las Vegas, Nev., have been found within a few weeks, according to advices received from the latter place.

The men, it is believed, were mostly tramps, who attempted to make the long journey on foot without sufficient supplies of food or water to carry them across. Many of the bodies found were without clothing and it is believed that the victims had gone insane from thirst and had wandered about in a nude condition in search of water. Some of the victims are supposed to have drunk water from "Dead Man's well," which is located almost in the center of the desert. The water from this well, while temporarily alleviating thirst, is sure death to those who drink it.

Chicago, Feb. 1.—Rev. Dr. James S. Stone, rector of St. James Episcopal church, the membership of which is largely made up of wealthy persons, caused comment when in the course of a sermon he denounced the rich of Chicago.

Milwaukee, Wis., Feb. 1.—Rev. Chas. H. Schultz, formerly rector of the St. Stephen's Episcopal parish in this city, Sunday publicly renounced allegiance to the Episcopal faith.

SIDEWALK INJURIES.

Personal Suits Amounting to \$38,666,952 Pending Against Chicago.

Chicago, Feb. 1.—Personal injury suits amounting to \$38,666,952 are pending against the city of Chicago, according to the report of City Attorney John F. Smulski, made public Sunday. The council, the legislature and finally the people are appealed to for relief. Sidewalk injuries caused the most of the injury suits.

Mr. Smulski in his report shows that the interests combining to loot the city in this way amount practically to an organization. Names of lawyers, mostly young men, and doctors, occur with great frequency in the list of suits. The city attorney says the piling up of suits will inevitably continue for some years even should the city at once begin to tear up every wooden sidewalk.

The city attorney says the main cause of this condition is the deplorable state of the city's finances, which makes it impossible to care properly for its streets and sidewalks. The remedy, he says, is a new city charter. The many judgments awarded against the city are pointed out and Attorney Smulski says that unless favorable action is taken in regard to a new charter inevitable bankruptcy will result.

BURKHOLD'S SHORTAGE.

An Examination of the Books Shows It to Be \$241,000.

Cincinnati, Feb. 1.—The report of the experts who have completed their examination of the books of the Franklin bank, of this city, shows ex-Cashier Harry Burkhold to have been \$241,000 short. Burkhold was succeeded as cashier several months ago and has been so prostrated by his financial collapse that he is not expected to recover. John J. Kilgour, president of the Franklin bank, says there will be no prosecution and that the bank and the creditors will not lose a cent. Burkhold has given President Kilgour power of attorney to sell securities and settle up his affairs, and out of the two millions of Burkhold's holdings it is thought about thirty thousand will be left for his estate.

NATURAL GAS EXPLOSION.

Two People Killed and Six Injured in West Liberty, Pa.

Pittsburg, Pa., Feb. 1.—An explosion of natural gas in the cellar of the home of Henry Magel, in West Liberty Sunday, was the cause of the deaths of two of the family and the severe injury of six others. The explosion is supposed to have been caused by a leak from the gas main into the cellar and when Mr. Magel went to the cellar for a bucket of coal, carrying a lighted candle, a terrific explosion followed, completely wrecking the house. Neighbors who gathered were unable to reach Magel, who was pinned under the debris and were obliged to stand by and see him burn to death.

FIVE MINERS KILLED.

Powder in the Cage in Which They Were Being Hoisted Exploded.

Mahanoy City, Pa., Feb. 1.—Five men were instantly killed in the Maple Hill colliery of the Philadelphia & Reading Coal and Iron Co. The victims were rock men.

The men were killed by an explosion of powder in a steel cage in which they were being hoisted. The explosion ripped the cage apart and the mangled forms of the rock men fell 300 feet to the bottom of the shaft. The head of one of the men was blown off. The Maple Hill is one of the collieries visited by the anthracite strike commission and it is one of the best equipped in the hard coal regions.

RACE TROUBLES.

A Party of Negroes Fired Upon White Men, Wounding Two.

Webster, Pa., Feb. 1.—One of a party of five Negroes fired upon a party of white men who had been making fun of them. Two of the white men were wounded, one of them fatally. In trying to get away from the infuriated companions of the injured men, one of the Negroes was drowned in the Monongahela river. For some time a bitter feeling has existed here among a number of white men headed by Robert Wilson, who was fatally injured, and the Negroes of the vicinity.

Segregating the Sexes.

Chicago, Feb. 1.—According to a report submitted by Dean George E. Vincent to President Harper, of the University of Chicago, the experiment of segregating the sexes in the junior college work during the past year has been a success.

New Brunswick, N. J., Feb. 1.—Dr. Jacob Cooper, professor of philosophy at Rutgers college, died Sunday of pneumonia, aged 74 years. Prof. Cooper was born in Ohio.

IS STILL UNSOLVED

Ten Days Have Gone Since the Mysterious Murder of Miss Sarah Schafer.

MURDERER HAS NOT BEEN FOUND.

Detectives Have Turned Their Attention Almost Exclusively to the Higher Circles of Bedford.

Two Men Are Under Suspicion and Half of Bedford Think One is Guilty and the Other Half Believe Him Innocent.

Bedford, Ind., Feb. 1.—Ten days have gone by since the murder of Miss Sarah Schafer, the pretty teacher of Latin in the high school here. Local officials, six detectives and 20 newspaper men have been constantly at work since the morning following the murder when the body was discovered, but the murderer has not been found.

On the night of Thursday, January 21, Miss Schafer left the supper table at the home of Mrs. Addie Smith, on Lincoln street, at 6:35 o'clock, to go five blocks to the home of one of her pupils. Rain was pouring. She wore a tam o' Shanter cap, a short walking skirt.

The next morning her body was found in a carriage shed 40 feet from Lincoln street, in an alley in the next block from her boarding house. She had been attacked by a man who, either lurking at the entrance of the alley of overtaking her at this point had, either on the street, at the alley's mouth, or a few feet up its dark roadway, dealt her a stunning blow and then crushed her skull with a jagged piece of brick.

The body was found partly under a carriage in the shed. The skirts were conspicuously disarranged. Part of the underclothing had been torn away and thrown on the ground. The bodice had been torn open and there were marks of a bloody hand on the inside. Detectives have been working on the theory that the murderer was actuated by criminal brutishness and had attempted assault or with devilish shrewdness had arranged the body to give this impression after killing the girl, while actuated by a burst of uncontrollable anger.

Two persons have been arrested on suspicion and released with their innocence clearly established and the detectives have turned their attention almost exclusively to the higher circles of Bedford where two persons are under suspicion.

So strong do the detectives think the evidence is against one of these men that they have made the remark openly that his arrest would follow shortly. On the other hand, the city authorities insist that he will not be arrested. One-half of Bedford thinks him guilty, another half declares him innocent. If there is any tangible evidence against this young man it has not been made public. The detectives were declaring Sunday that they have secured evidence of vital importance during the past 12 hours which includes some article found in the shed where the murder was committed. They positively refuse to say what this is. The officials all said Sunday there will be no arrest made Monday so far as they know now. Both of the Bedford men under suspicion, it is claimed by the detectives, have been repulsed by Miss Schafer for advances made by them.

A SHOE factory here in Maysville backed by \$100,000 capital could be made as big a success as any enterprise now in operation here.

BRYAN may as well make up his mind that the next Democratic national convention will not reaffirm the Kansas City platform. He should submit gracefully. The party has listened to him heretofore; he should heed the voice of the party now.

REPRESENTATIVE MCKNIGHT wanted the name of the county seat of the new county of Beckham changed from Olive Hill to Thornetown, in honor of Lieutenant-Governor Thorne, but the Legislature refused to adopt his amendment to that effect.

THE Kentucky Educational Association will meet at Maysville June 21, 22 and 23rd. Several hundred teachers and others will be attracted here at that time, and it is none too soon to begin planning for this convention.

It's a question whether Governor Beckham will approve the bill creating the new county named in his honor. The doubt as to its constitutionality may result in his vetoing the measure. It does not require a county named in his honor to perpetuate his good name. His splendid record as Chief Executive of the State will not be forgotten by the people of Kentucky.

SENATOR KENTON, of Robertson, has introduced a bill providing for four State boards of examiners, one for each school of medicine or healing, to pass upon the qualifications of applicants for license to practice medicine, the boards to be paid by fees of applicants. This is perfectly fair to all parties interested, and certainly none of the doctors can object to it.

ATTORNEY GENERAL'S LIVERY.

The Cost for the Department is \$3,389
Per Year.

Washington, Jan. 28.—Attorney General Knox sent to the house a statement showing that the total cost for livery for his department is \$3,389. It consists of three horses, four carriages and three sets of harness. Two coachmen are carried on the rolls as "assistant messengers" at \$720 a year each. The attorney general says his department has no automobiles and that the horses and carriages herein mentioned are used exclusively by the attorney general and the solicitor general.

Poisoned by Paris Green.

[Lexington Democrat.] While engaged stripping tobacco several weeks ago the hand of North Columbia, a young farmer of this county, became infected with Paris green and it is now thought that a number of his fingers will have to be removed in order to prevent blood poisoning. The hand became infected by the means of a little cut in one of his fingers and the sore spread so rapidly that the young man's arm is now inflamed.

PERSONAL.

—Mr. L. K. Parry is spending a few days at home.

—Editor Stairs, of the Dover News, was a Maysville visitor Saturday.

—Miss Henrietta Davis is visiting her sister, Mrs. Levi, of Portsmouth.

—Mr. Leslie Lewis, of Lexington, spent Sunday with Mr. Harry Wells.

—Mr. T. M. Russell, accompanied by Dr. Smoot, left for Cincinnati this morning to have his eyes treated.

—Mrs. Jennie M. Reed and daughter Lula left last night to visit her brother, Mr. W. J. Keboe, of Washington, D. C.

—Mrs. T. F. Tyler and daughter, Miss Ida May, of Germantown, have returned home after spending several days with Mr. F. M. Tolle and family, of Forest avenue.

MAYSVILLE HONORED.

Judge Wall and Senator Cox Named as Two of World's Fair Commissioners by Governor Beckham.

Maysville was especially honored by Governor Beckham in his appointments of World's Fair Commissioners. Under the act of the Legislature appropriating \$75,000 for an exhibit at the approaching exposition at St. Louis, fifteen commissioners were provided for, and this city was given two of them. Following is the list in full: Arthur Y. Yord, W. H. Newman, Sam P. Joner, Clarence Dallam, Asher G. Caruth, Samuel Grabfelder, all of Louisville; Charles C. Spalding of Lebanon; Garrett S. Wall and W. H. Cox of Maysville; W. T. Ellis, of Owensboro; W. H. Crump, of Bowling Green; Charles E. Hoge, of Frankfort; J. B. Bowler of Bardstown; W. J. Worthington, of Greenup, and B. L. D. Guffy, of Morgantown.

Three of the commissioners, Worthington, Cox and Guffy, are Republicans, and four are members of the present Legislature, Spalding, Cox, Worthington and Guffy.

A. Y. Ford is the President of the Kentucky Exhibit Association, and will probably be made President of the commission, as he is thoroughly familiar with the work that has already been done by private subscription toward making a Kentucky exhibit. He certainly deserves this honor.

In speaking of the appointments Private Secretary Ed Leigh said:

"In announcing his list of the Kentucky Commissioners to the Louisiana Purchase Exposition Governor Beckham desires it understood clearly that he will leave the selection of whatever assistants and subordinates may be needed to the Commissioners themselves without interference on his part. He requests, therefore, that all applications for such positions be made to the Commissioners and not to him. It is also proper to state that a great many good citizens were urged for these Commissionerships, and necessarily some names had to be omitted, but the Governor tried to make the choice with due regard to the needs of the work and the location of the Commissioners. As soon as the names are confirmed by the Senate the Governor will call a meeting of the Commissioners as the law provides, for the purpose of perfecting an organization."

Bills are pending in the Legislature requiring the payment of insurance policies within fifteen days after the proof of such loss has been furnished the company; making women eligible to the office of School Trustee and member of the Board of Education and empowering them to vote in elections for such officers; requiring the listing of dogs with the County Assessor.

Hoyt's "A Bunch of Keys" is announced for an engagement at the opera house next Thursday night. This piece is of the farce comedy school but elaborate in its singing and refined in its action. The music is all new, bright, sparkling and catchy and the dancing pictureque and unique. The cast is said to be one of unusual merit, including numerous well known performers. Seats on sale, Tuesday, at Ray's.

Will Colvin, of Kennard, sold his crop of tobacco at 12 cents.

"Bigger and better than ever" will be the fifth annual tobacco fair.

Snell Farley, formerly of Aberdeen, is recovering from a serious sick spell at Huntington, W. Va.

The assessment of Fleming County this year is \$4,824,951, a decrease of \$11,000 compared with 1903.

Farmers of Mason County, remember that Fleming County tobacco captured the first premium last year. Will you allow it to be done this year?

A buggy, set of harness and a robe were stolen last night from Mr. W. P. Roberson's home near Mayslick. Mr. Roberson offers a reward of \$25 for the recovery of the property and \$50 for the arrest and conviction of the thief or thieves. See notice elsewhere.

THE TOBACCO MARKET.

Review of Trade on the Cincinnati Breaks During the Past Week.

It is only by a comparison of the offerings and receipts of the week and year, with that of last year that the real extent of the injury to the trade is shown through the long suspension of navigation on the Ohio river, which has practically covered the entire month of January. The falling off, however, is not due entirely to the river being closed by ice, as the intense cold of the month prevented shippers from handling and packing the new crop.

The market during the past week has been fairly strong and active for all medium and fine types in both old and new tobaccos.

Old smokers and common and mixed trash of the new crop were the disappointing features of the sales, and the greater portion of the rejections were in these goods.

A good manufacturing and speculative demand developed for choice red tips and bright fugs in the old crop and fine reds in the new.

Considerable inquiry and quiet canvassing is going on among brokers for export types and a sharp rally in these goods may reasonably be expected in the near future.

THE

Linen Sale!

Begins Wednesday, the third, and will last ten days. In quality, quantity and low-price it will be the biggest and best linen sale ever held in Maysville. To do better than we have in the past may seem impossible. But you don't know us. That word impossible simply puts us on our mettle. We determined months ago that our first linen sale in the New Store should outclass every record made here. We have worked unceasingly with that in view—and it has meant work. We have secured assistance for this movement from manufacturers who had reason to favor us, we have scoured Eastern and Western Markets for bargains. We have reached out like an octopus for every unusual value in the wholesale market on every line we are selling at the lowest margin, on some we have arbitrarily sacrificed all profit.

Wednesday our doors will open on a presentation of Table Linens, Towels and Toweling that has never been matched in Maysville for quantity, quality and low-price. Details in to-morrow's paper.

A PRETTY SOUVENIR opening day will be presented to all who buy \$2 worth of linen.

J. HENRY PECOR.

THE MAYSVILLE FOUNDRY.

Buildings to be Enlarged and Equipment Improved This Spring.

The Maysville foundry and machine shops at the northeast corner of Second and Limestone streets are to be enlarged and improved this spring.

The addition to the plant will be seventy-five feet long and sixty feet wide, and will be built of brick. Other improvements will be made, including the erection of a large movable crane to facilitate the handling of heavy loads of metal.

The improvements will enlarge the capacity of the plant, and enable the company to accommodate its increasing business.

A well known resident of the city had an experience Saturday night that ought to cause him to reform his ways. He had indulged too freely in the flowing bowl, and starting home he mistook an aged widow's residence for his own abode. Entering a rear room he sat down. Thinking the intruder was a burglar the woman called a neighboring boy who got a shotgun and fired through the door at the man. Fortunately the aim was not good, and the man escaped unharmed. He says he is done with liquor for all time.

Mr. Harry Wells, who has been with Q. A. Means & Son the past year or two, leaves to-day to accept a position as undertaker and embalmer with a leading firm at Greenville, Miss. Mr. Wells recently took a course of instruction in scientific embalming, and carried off the honors of the class at the final examination. His many friends wish him success.

Senator Byron introduced a bill Friday to provide for an appropriation of \$20,000 for the erection of a monument to Wm. Goebel, to be erected on the exact spot where he fell, and after the completion of the new Capitol Building. Funds have been raised already for a monument to mark the grave.

The Ladies' Committee of the Y. M. C. A. will meet at the rooms this afternoon at 3 o'clock to plan for serving lunch Tobacco Fair day. Let all members be present.

D. Hechinger & Co.

Considering the time of the year, we have sold of our \$15, \$16.50 and \$18 Suits that we are now selling at \$12.75, a fair quantity. But considering the value we give in these suits at \$12.75, we are surprised that there are any left of them at all.

NEVER BEFORE
IN MAYSVILLE'S CLOTHING
HISTORY,
IN WHICH WE ALWAYS
HAVE BEEN
IDENTIFIED, HAVE
SUCH SUITS SOLD AT THAT
PRICE.

We want our friends to take advantage of this sale. A glance at our windows will give you an idea what these suits are, but a closer examination of them in the store will soon convince you that we give you good advice when we tell you to secure one of these suits before they are gone.

MRS. FLORENCE MAYBRICK.

She Has Been Removed From Prison
to a Private Asylum.

London, Feb. 1.—Mrs. Florence Maybrick, who is serving a life sentence for the murder of her husband, has not been released, but was removed from Aylesbury prison January 25, presumably to a private institution for the purpose of recuperation. She is still undergoing sentence under guard, and though apparently not an inmate of any prison, she still remains as much a prisoner in the eye of the law as when she was at Aylesbury.

On the authority of the United States embassy here a press representative is authorized to definitely deny that Mrs. Maybrick has been paroled.

The Daily Mail Monday morning says that Mrs. Maybrick is now in Liverpool and that the following conditions attach to her release from prison:

That she will not appear on the public stage or write a book of her experiences and shall in no way endeavor to attract public attention to herself.

BOOK AND JOB PRINTERS.

Nine Hundred of Them Threaten to Strike in Boston.

Boston, Feb. 1.—Unless a contingency unexpected by either party to the controversy arises 56 book and job printing establishment, 50 of which are in this city, two in Norwood and one each in Lynn, Cambridge, Brookline and Randolph, will be without job printers and compositors after a form-

al presentation of the rejected schedule to individual employers Monday. The strike will involve 900 book and job workers, members of the Boston Typographical Union 13. The demands of the printers provide for an increase over the existing rates of five cents per thousand ems, \$1.50 a week for hand compositors, and \$3 a week for machine operators.

Found Dead in Her Room.
St. Louis, Feb. 1.—Miss Emma Von Haaren, 50, who had lived as a recluse for more than 15 years in her large house in 15th street, was found dead in a room there. She had apparently frozen to death two weeks ago.

Suicided By Shooting.
St. Augustine, Fla., Feb. 1.—Amandus N. Hogberry, of Worcester, Mass., committed suicide at a hotel in this city Sunday by shooting himself through the right temple. No motive can be assigned for the act.

Are Seeking Statehood.
Kansas City, Mo., Feb. 1.—A delegation of 17 business and professional men of Oklahoma and Indian territories passed through Kansas City Sunday en route to Washington to join in the campaign for statehood.

Every House But Two Burned.
Memphis, Tenn., Feb. 1.—A special from Greenville, Miss., says: Fire at Hollendale Saturday destroyed every building in the town except two dwellings and caused a loss estimated at from \$150,000 to \$200,000.

Sell Big Copper Claims.
Bisbee, Ariz., Feb. 1.—The Shattuck-Costello group of copper claims were

sold Saturday by their Bisbee owners to capitalists from the Lake Superior copper belt for \$1,100,000. The property comprises 120 acres.

The Crew Was Saved.
Louisville, Ky., Feb. 1.—The tow-boat Bellevue was cut down by the ice just above the Big Four bridge and sunk in 15 feet of water. Capt. Steve Green and the crew of 15 men jumped as the boat went down and escaped.

Baby Cremated in Mother's Absence.
Owingsville, Ky., Feb. 1.—Mrs. Harson Conn, residing near Judy, left her 18-months-old child in a chair by an open fire while she went to another part of the house. The child's clothing ignited, burning her to a crisp.

Two Steamships Collide.
New York, Feb. 1.—The steamships Colorado and Boston City collided in the lower bay Sunday. The latter had a large hole torn in her port side and part of the bridge was smashed. All on board were saved.
